Wireless plug & play home theater system

Dolby Atmos home theater

Experience cinema-quality sound right in your living room with our Dolby Atmos home theater system. Feel every detail, from the quietest whisper to the loudest explosion, as sound moves around you in a stunning 3D space.

Powerful 3D surround sound

Lift your audio experience to the next level with 3D surround sound and dual stereo mode. Whether it's movies, music, or gaming, you'll be fully immersed as sound surrounds you from every direction, creating an unforgettable entertainment experience.

Wireless plug & play

Say goodbye to complicated setups! Our home theater system is pre-configured for plug-and-play convenience. Just connect with mains, and you're ready to immerse yourself in high-quality sound without the hassle.

Optional dedicated center speaker

Expand your We. BOOST home theater system with the optional We. BOOST center speaker. Designed for seamless wireless integration, it enhances dialogue clarity and creates a more focused front soundstage for movies, series and gaming.

Wireless plug & play home theater system

Achievements

"The home cinema system impresses not only with its elegant and high-quality finish, but above all with its top sound performance."

Satvision magazine, edition 05/2025, about We. BOOST

Test result: VERY GOOD

"With convincing sound, simple operation and elegant design, the system is suitable for ambitious users who want to enjoy home cinema at the highest level."

testbericht.de, 04/2025, about We. BOOST

Test result: VERY GOOD

"You can tell from the very first notes that these are decent speakers in sturdy cabinets. (...) A successful and pleasant sound presentation with good speech intelligibility. (...) The subwoofer provides a full, solid foundation."

HiFi Test magazine, edition May-June 2025, about We. BOOST

Test result: VERY GOOD

Ratings: Top Class, Best Practice Recommendation

"The speaker set impressed AV Magazine in its test with simple installation, high-quality workmanship and great sound. This makes the We. BOOST a top recommendation for anyone who wants to harmoniously integrate immersive surround sound into their living space."

av-magazin.de, 12/2025, about We. BOOST

Test result: VERY GOOD

Ratings: Top Class, Best Buy

"With We. BOOST, Loewe once again demonstrates its keen eye for sophisticated TV audio solutions."
