Legendary design, infinite possibilities

OLED module Made by Loewe

Enjoy breathtaking picture quality thanks to state-of-the-art OLED technology. Every LTY OLED module produced by Loewe in Kronach is individually calibrated at the factory, delivering perfect blacks, vibrant, natural colours, maximum contrast and impressive detail in 4K Ultra HD resolution.

Advanced HDR formats such as Dolby Vision IQ, including HDR10+ Adaptive, optimise every scene according to the filmmakers' specifications for cinematic picture performance, ensuring a truly captivating viewing experience.

Loewe dual channel

Loewe antares offers maximum flexibility for entertainment and recording. The dual channel platform with twin triple tuners enables USB recording, parallel TV viewing and timeshift functions. Based on the latest-generation Loewe SL8 chassis with Vidaa U9 and AI-powered image processing, Loewe antares offers seamless connectivity and endless streaming options.

Top gaming features such as HDMI 2.1 with 144 Hz VRR @ 4K Ultra HD and a Gaming Mode for cloud and console gaming, controller integration and minimal latency, guarantee high scores.

Vidaa OS

Powered by Loewe os9, Loewe antares provides fast and intuitive access to leading streaming services, including Netflix, Amazon Prime Video, YouTube, Disney+, Apple TV+, Spotify, and many more. Seamless connectivity via Apple AirPlay, Miracast and Matter enhances interaction across devices, while the premium Loewe remote vi with Bluetooth and voice control ensures effortless navigation.

The VIDAA art gallery mode, kids mode and AI comfort features offer even great choice for your personal home entertainment.

Individual sound solutions

Loewe antares always ensures the most optimal sound solutions, from stereo to multi-channel audio with Dolby Atmos and Virtual 3D, thanks to state-of-the-art audio decoders, DSPs, Class D amplifiers and automatic room acoustic calibration via the microphone of the Loewe remote vi. Choose between the integrated Loewe invisible sound, the double-strong, optional Loewe soundbar antares, HDMI eARC for external sound solutions, Bluetooth or the analogue headphone output.

The center speaker input is perfect for home cinema surround sound configurations with the TV serving as the center speaker.

Legendary design

Loewe antares stands out with its sophisticated 360° design, inspired by a widescreen monitor look, which has been meticulously crafted by the Loewe Design & Innovation Studio down to the smallest elements, featuring fine details, genuine high-quality materials and careful manufacturing. Interchangeable onlays, elegant accents and a discreetly integrated cable management system with covers ensure a clean and distinctive appearance from every angle.

A selection of optional accessories and finishes offers infinite possibilities for individual styles that blends seamlessly into any interior.

Flexible setup solutions

Loewe antares offers exceptional flexibility with a universal table stand, numerous floor stand options, even motorized, a spectacular floor2ceiling stand, and different wall mount solutions. The rotating table stand with a brushed aluminium base features three height positions and an integrated cable management. The Loewe invisible sound stereo speaker can be upgraded with the optional Loewe soundbar antares.

Retrofittable fabric smart covers for the rear aluminium onlays for top and bottom of the widescreen in different colours allow infinite individual designs.

Loewe antares can be customised with aluminium onlays. These provide the display with the characteristic horizontal widescreen look ideal for your private home cinema. The onlays, which come in pairs, are attached at the top and bottom and can be easily exchanged. The high-quality material, precise workmanship and finish – featuring a hairline finish followed by anodising or a high-gloss coating – emphasise their premium quality.

The alu brushed version is fitted as standard, whilst the alu black version is supplied as a standard accessory. The other exclusive finishes – white high gloss, gold brushed, bordeaux brushed and rose gold – are available as optional accessories. With the optional onlays, every Loewe antares gains a truly personal touch and can be adapted at any time to suit your taste or interior décor.

Home Automation & Hotel TV

H*****

Loewe TV sets based on the SL8 chassis family offer flexible connectivity and can be seamlessly integrated into hotel and smart home environments via dedicated interfaces.

The **Loewe Hotel TV Mode** offers a powerful stand-alone option, providing a wide range of hotel features right out of the box without requiring any system integration.

The most popular compact screen sizes of Loewe and We. by Loewe TV models feature a **Kensington** anti-theft lock for protecting them in a hospitality environment.

The **Loewe Hotel API** was specially developed for use in the hospitality industry. This interface enables the direct integration of the television into hotel system solutions. This turns the TV into the central control unit for the entire hotel room, guaranteeing an individually customizable guest experience and tailored comfort.

HOTEZA roomio

The **Loewe Remote API** allows for convenient control of the television in the smart home. Since the interface is already supported by leading home automation providers, integration into individual system solutions is quick and reliable.
